Soloy Aviation Solutions and SMA Engines announce a new (enhanced) STC development program for installation of the High Compression piston engine SR305-230E in the Cessna 182 series.

*Soloy Aviation Solutions and SMA Representatives will be at **Friedrichshafen 2016** to meet interested parties and answer questions about the SMA High Compression Cessna 182 conversion STC program at the SMA Booth #A3-126*

Olympia, WA - April 18th 2016 - Representatives of Soloy Aviation Solutions announced today that they have reached an agreement to further develop an EASA Supplemental Type Certificate (STC) with the SMA SR305-230E engine for the Cessna 182 series aircraft.

About Soloy Aviation Solutions

Founded in 1969, Soloy Aviation Solutions is a Washington state based company specializing in fixed- and rotary-wing aircraft power and performance improvements, including turbine engine conversion/upgrade programs for the Beechcraft A36 & A36TC Bonanza, Cessna 100/200 series aircraft and the Airbus (Eurocopter) AS350 helicopter.

In addition, the company currently has over 60 STCs and has converted 750 aircraft operating in 35 countries around the world. Soloy also provides contract engineering and aviation parts manufacturing services. For more information, visit: www.soloy.com
